Hello there! I'm Tibor, born and live in this beautiful city, Budapest. I studied Catering and Tourism and worked at more travel agencies and in the hotel business. In the last 10 years I manage a company with activity to sell design items of known European brands and was all the time a big pleasure to show my hometown for our foreign partners and colleagues. My hobbies are travelling, to discover different cultures and people, design & architecture, so with this flat I'm very happy to makes my dreams true.

At the renovation of this flat was very important to preserve the original architectural shape to feel the real historical touch of Budapest and the old
